

Thirsty in the bathtub

(music + lyrics by Olivia Trummer)

Baby take a break
remember how to smile
If you feel a general ache inside your soul
it's time to reconcile
Life's no piece of cake
you know that even piles of money in the bank
cannot control it
or make it worthwhile

I don't wanna be at strife
and I don't need to tell you what to do
or how to live your life
Just make sure to not end up
Just make sure to not end up
Thirsty in the bathtub
Thirsty in the bathtub

Baby take your time
remember who you are
Life can be sublime
without a fancy car
There are so many hills to climb
it almost seems bizarre
Open up your mind
before you've gone too far

I don't wanna be at strife
I don't need to tell you what to do
or how to live your life
Just make sure to not end up
Just make sure to not end up
Thirsty in the bathtub
Thirsty in the bathtub

(from the album „For You“)
